Dear Waterfowler Guide,

Hunting season is just a few months away and soon we'll be back in our blinds and spreads. Now is the time to go out to get ready, and buy the equipment for your spread. We accept Mastercard and Visa, and we try to ship within 24 hours of your order coming in. I'm looking forward to hearing from you. I've really appreciated the compliments that you all have made about my equipment. I have been hunting ducks and geese for 40 years. As a former professional goose guide, I got so tired of equipment failing that I started making my own gear. I will guarantee that if it has the Texas Hunting Products label, **IT'S QUALITY!** I won't make shoddy equipment. Don't wait until the night before opening day to get ready. **We can ship your goose rags made into windsocks.**

FREIGHT CHARGES will be billed on Credit Card orders. Check customers add 10% for shipping charges. Minimum freight will be \$10.00.
